Definitely one of the better publication I have got possibly read. It really is writter in basic phrases and not difficult to understand. You wont sense monotony at anytime of your respective time (that's what catalogs are for about if you request me).

How does a nice Italian boy from Queens turn his passion for food and wine into a nationwide empire? In his intrepid, irreverent, and terrifically entertaining memoir, *Restaurant Man*, Joe Bastianich charts his remarkable culinary journey from his parents neighborhood eatery to becoming one of the country's most successful restaurateurs, along with his superstar chef partners his mother, Lidia Bastianich, and Mario Batali. Joe first learned the ropes of the restaurant business from his father, Felice Bastianich, the original *Restaurant Man*, the ultrapragmatic and sharp-eyed owner of a popular red-sauce joint. But years of cleaning chickens and other kitchen drudgery convinced Joe that his destiny lay elsewhere. After a year on Wall Street, however, he realized that his love of food was by now too deeply ingrained, and after buying a one-way ticket to Italy, he spent over a year working in restaurants and vineyards there, developing his own taste and learning everything he could about Italian cuisine. Upon his return to New York, he partnered with his mother to open Becco and soon after joined forces with Mario Batali, an alliance that not only created a string of critically acclaimed and popular restaurants but redefined Italian food in America. *Restaurant Man* is not only a compelling ragu-to-riches chronicle but a look behind the scenes at what it really takes to run a restaurant in New York City, the most demanding, fickle, and passionate market in America, from dealing with shady vendors, avaricious landlords, and vitriolic food critics to day-to-day issues like the cost of linens (the number-one evil) and bread and butter. Writing vividly in an authentic New York style that is equal parts rock n roll...
