Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Electro Astronomical Atlas: Designed for Schools, Academies and Ladies Seminaries; With Explanatory Notes, Questions and Answers The design of the author in presenting this work to the public is: To meet a great want in giving instruction in the interesting science of Electrical As Well As Physical Astronomy. Hitherto, the knowledge of Astronomy has only been taught in our Universities, Colleges and High Schools, and in them in a very limited manner, hence, those in our public schools have been entirely deprived of all knowledge of this useful branch of education. Teachers of public schools have heretofore felt great embarrassment on introducing this branch of instruction in such schools, because of their incompetency to impart instruction to their pupils in the science, hence their objection to its introduction. This objection is entirely removed in presenting this work. It not only presents to the teachers an easy method of gaining instruction in the science, but an easy and pleasing way of imparting the same to their pupils. It is the purpose of the author to present to the public an elementary work, and to bring this instruction within the reach of children from twelve to sixteen years of age, and so simplify and arrange it, that they can learn it as easily as they can learn Geography. He has also adopted the catechetical form of instruction as a more popular method than the topical, because better adapted to their youthful comprehension, and they can the more easily retain the knowledge sought. Some years since, he constructed and designed to publish a Diagram of the Solar System, to aid in the instruction of this science, for which...
