How can I make such a bold statement? My story I walked into final year of university holding a border-line third class in Bsc Economics, this meant I required first class marks in my final year of University to graduate with a Upper Second-Class Honours(2.1). I was absolutely clueless as to how I would achieve this. I knew my University Degree was crucial for landing my dream job and my own personal achievement. I feared that I'd be a disappointment to my parents, especially after all the sacrifices they had poured into my education all my life. I later sought tutors, lecturers and friends for advice and support to achieve first class marks but nobody believed it would be possible. I made a decision to stop making excuses and pursue my academic dreams. Throughout my long, tedious and memorable final year of University, I discovered and applied different effective strategies and steps that helped me to improve my marks significantly to first class. I will share these strategies with you in the book. Long story short, I woke up on results day logged on my student portal and saw that I had achieved first class marks and my dream university degree. Following my graduation, I have been able to work with other university students and share these steps and strategies with them. Several of these students have successfully applied just a handful of these steps to achieve their academic dreams, imagine the possibilities if...
