Excerpt: . ii the father of game I Have frequently noticed in menageries a start of surprise in the eyes of persons before a puma s cage, when they learned that this splendid cat was American. It somehow informs our prosaic northern forests with a foreign, romantic, and adventurous spirit, to find such a denizen in them, for pictures of the lion, tiger, and leopard so fill our imaginations that all large and fierce beasts seem necessarily tropical. That, however, is by no means the fact. Yet we have no record that he ever did so, although moving accidents of flood must again and again have placed individuals and pairs on the eastern shore of the Father of Waters, whose current the jaguar is quite competent to swim, if he likes. As for the puma, he possesses the whole continent as far north at least as the watershed of Hudson Bay, in the east, while on the western coast he follows the mountains to the middle of British Columbia. Southward he...
