By Michael A. Cusumano, Constantinos C. Markides

Markides, From the acclaimed MIT Sloan Management Review comes this compendium of cutting-edge thinking about corporate strategy. Focusing on strategic imperatives of the new economy, leading thinkers in the field present their views in four general areas: strategy and value creation; flexibility in a volatile world; strategy making in uncertain times; and strategies for growth in fast-paced markets. "Strategic Thinking for the New Economy" shows that designing a successful strategy is a never-ending quest - and that effective strategic thinking is a process of continuously asking questions and thinking through issues in a creative way.
