Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. The purpose of this volume of the The Imagineer's Chronicles is to show how changing ones perspective on the geometric structure of our universe from one of four dimensional space-time to four spatial dimensions can effect and simplify our understanding of the laws governing its evolution. Articles in this book such as the The Geometry of Dark Matter and Quantum entanglement: A Classical non-locality integrate common sense into our conceptual analysis of the unobservable by extrapolating our every day experiences and observations to the cosmological realm of dark matter and the strangeness of quantum entanglement. While the article Reality verses Illusions demonstrates how can apply logic and the existence of four spatial dimensions to refute many of the outlandish claims made by many seemly rational scientists that a particle simultaneously exists in at every point in space and only materializes as a specific point when it is observed. We believe understanding nature should be attainable to those who have a need to and are willing to work at it so each article presents the...
