

## Avanti Limited Edition Extra (Paperback)

Filesize: 7.51 MB

### Reviews

*Completely essential go through book. It really is simplistic but excitement inside the 50 % of the pdf. I am very easily will get a satisfaction of studying a composed book.*

Brooklands Books Ltd, United Kingdom, 2003. Paperback. Book Condition: New. Limited. 267 x 196 mm. Language: English . Brand New Book. This book traces the development of Studebaker's Avanti from its 1962 introduction. Designed to be a four-seater muscle and sporty upersonal car it used a fiberglass body because there was not the money to build it in steel. They powered the Avanti with the well respected 289 V8. Later the R2 engine was supercharged putting out close to 300bhp. Unfortunately sales did not match expectations and production ceased in 1964. Production was taken up by an erstwhile dealer using a Chevy V8 engine who continued until 1982. The company passed through several other hands until finally ceasing production in 1991. The book consists of contemporary road tests, specification and technical data, new model introductions, buyer's guides, design, driving impressions. Models covered include: R1, R2, R3 and Avanti II in CoupT and Convertible forms.
