Barron's Educational Series, United States, 2011. Spiral bound. Book Condition: New. 274 x 239 mm. Language: English. Brand New Book. Students preparing for careers in various medical professions will value this highly detailed and profusely illustrated reference guide. Fourteen chapters show, label, and define all human body regions and parts and describe physiological processes. The chapter titles are-- * Body Overview * Cells and Tissues * The Skeletal System * The Muscular System * The Nervous System * Special Sense Organs * The Lymphatic System * The Circulatory System * The Respiratory System * The Digestive System * The Urinary System * The Endocrine System * The Reproductive System. The book's fifteenth and final chapter provides students with a workbook that presents labeled line illustrations of the human body's muscle and skeletal systems. Students are encouraged to color in individual muscles and bones as an effective aid to memorizing the names and locations of each part. An attractive and instructive supplementary feature is a separate section of eight full-color acetate overlay sheets that dramatically illustrate body systems. More than 500 color illustrations.
