Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. FOREWORD: In this strange story of another day, the author has dipped into the future and viewed with his mind's eye the ultimate effect of America's self-satisfied complacency, and her persistent refusal to heed the lessons of Oriental progress. I can safely promise the reader who takes up this unique recital of the twentieth century warfare, that his interest will be sustained to the very end by the interesting deductions and the keen insight into the possibilities of the present trend of international affairs exhibited by the author. --Bernarr Macfadden Notice: This Book is published by Historical Books Limited (as a Public Domain Book, if you have any inquiries, requests or need any help you can just send an email to This book is found as a public domain and free book based on various online catalogs, if you think there are any problems regard copyright issues please contact us immediately via.
