

## The Art and Technique of Digital Color Correction (2nd Revised edition)

By Steve Hullfish

Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, The Art and Technique of Digital Color Correction (2nd Revised edition), Steve Hullfish, The only guide to the art and technique of color correction based on the invaluable knowledge of more than a dozen of the top colorists in the world. This book allows you unprecedented access to the way the masters of the craft approach their work. Containing decades of industry experience and professional colorist know-how, this book provides an understanding of what top-tier colorists look for in an image and how they know what to do to make it great. Featuring techniques performed in a variety of color correction software applications (DaVinci Resolve, Apple Color, Synthetic Aperture's Color Finesse, and more), this book turns what has long been a misunderstood "black art" into a set of skills that any colorist, editor, independent filmmaker, or motion graphics artist can begin to master. Packed with explanations, tips, and concepts that build on each other, you will learn how to: \* fix poorly exposed shots and shots with color casts \* create looks \* match shots \* master primary and secondary color correction techniques \* use color correction to advance a...
