The Killer Questions Your Company Should Be Asking Generating and executing great ideas is the key to staying ahead in a rapidly changing world. It seems so basic. Why is it so hard to actually get right? According to innovation expert Phil McKinney, the real problem is that we're teaching people to ask the wrong questions about their businesses--or none at all. There has to be a better way. In *Beyond the Obvious*, McKinney will help you use his proven FIRE (Focus, Ideation, Rank, Execution) Method to dig deeper and get back to asking the right questions--the ones all companies must ask to survive. These questions will reframe the way you see your products, your customers, and the way the two interact. Whether you're a company of thousands or a lean startup, *Beyond the Obvious* will give you the skills and easy-to-follow plan you need to make both the revolutionary changes and nuanced tweaks required for success.
